

Colorado Blue Spruce Young Adult Book Award Highlights

The Colorado Blue Spruce Award 2020 Nominees

Books are nominated and voted upon by middle school and high school students in Colorado. This is a teen choice award, without input from adults.

Read as many as you can and then vote in the fall. These are available on Sora and through the public library.

The 2019 winner was *Scythe* by Neal Shusterman.

Head to the Blue Spruce Award home page for more information on the nominated books and how to vote. Not all books are for all readers; please choose your books with care.
